

Thrall

Burning Witches

Low life, fallen face down in the mud
A new life, just one mistake
Thrall
Yearning, screaming for freedom
Once so normal
Law is denying all

Now the time will come
To turn the tides
To take a stand as thrall
Thrall

Viking victims
Thrall
Viking servants
Thrall

Shackles cutting deep into inflamed flesh
The old life fading away
Fast
Aching backs are bending
Viking servants
Might is serving all

Now the time has come
To turn the tides
To take a stand as thrall, with all
Thrall

Viking victims
Thrall
Viking servants
Thrall

Oh oh oh oh
Oh oh oh oh

Now the time has come
To turn the tides
To take a stand as thrall, with all
Thrall

Viking victims
Thrall
Viking servants
Thrall

Viking servants
Thrall
