

## Monument

Burst

[Wound:]

Inching closer  
Corrupting my ambition,  
Saw your wretched incarnation

[Scorn:]

Growing colder  
Retire my frustration,  
Turning fire into stone

[Disease:]

Decimation,  
Biding time in apathy,  
We partake in betrayal

[Monument:]

Invite destruction  
Embrace sweet silence

I bury all  
My inner sculpture  
I hide all  
Narcotic sculpture
