Lay It On the Line

Burton Cummings

Love you, love me
But in the mornin' it's dead and gone
Wild nights, party lights
City's got you all turned on
Let's have a conversation
I wanna talk like we used to do
'Cause this kind of livin' ain't good for me
And I can see what it's doin' to you

C'mon lay it on the line, sweet lover
Lay it on the line, tell me what went wrong
Lay it on the line, sweet darlin'
We're hurtin' each other too bad
Babe just hurtin' each other too bad

We cry too much and we sigh too much
And we're pretendin that there's nothin' wrong
We're both achin', we're both breakin'
Because we let it go on and on
Let's have a conversation, babe
Before it all just deteriorates
This kind of lovin' don't grow on trees
And we can save it if it's not too late

C'mon lay it on the line, sweet lover
Lay it on the line, tell me what went wrong
Lay it on the line, sweet ba-ba-baby
We're hurtin' each other too bad
Babe just hurtin' each other too bad
