

# How Your Sprinkler System Work

Busdriver

You collapse the internet in five seconds flat  
With megapixels of your image and in our digestive tract  
Wanted for 9 consecutive acts  
Of cyber crime, man bide your time  
You be considered by every white executive a catch  
We used to watch Spongebob and eat Dove bars  
Now you get tug jobs from drug czars  
We'd put smug broads in punk bars  
Now you're with young stars and the Nickelodeon red carpet  
They would never pick a Blowdian, I am dead starfish  
There's a rocket launcher in your camera bag  
Your lower lunar scrolls digitized banner ads  
Your manager is a Catholic dad  
Telling me like listening to my music's like tripping on acid tabs  
Well fuck him, fuck you, fuck this logic session  
Interns who transfer your Quicktime files via armored car  
Think your drums sound like midgets trapped in an armoire  
Lol, hardy har, #farquhar

1.1 million people got access  
I got access, Bus got access  
22% of the Earth surf regularly  
Bus surf regularly, I surf regularly

I got access, Bus got access

(You look like, you look like a pixelated motherfuckin' Natalie Portman, rea  
l talk, Yeah)

I smell a burning money and lady tears  
On press junkets and death hunches  
Anger my aging peers  
Yeah, this crowd ain't used to rhyming  
I'm tryna eat while y'all still food fighting  
I'm a polarized goober into fusion dining  
While y'all riding motorized scooters with aluminum siding  
[?] blue lighting as you roll into K-Mart  
Social network wizards monetize my brain fart  
The dream seekers have deboned the golden calfs  
Fuck her in the beat drum of yogo class  
Hanging 90's rappers off the overpass  
'Fore I'm smoking grass while romanticizing balderdash  
[?] onyx from a saddled dromedary  
Tell children you'll deify their bag and pull some strawberries  
Told them "we get money"  
By the fistful, with a wifi signal on the back of a drum key  
My entourage was like some version of Kid Cudi  
To ensure that I look like that I'm still in my mid 20's  
Fuck your input, put it in your Jansport  
My passport a coloring book  
Suck the [pig huff] off my  
[?] GP, what the fuck is a CD?  
Send an 18 year old to your online store  
I made a jet stream, internet meme  
Should have the manager's wet dream  
But then again, ain't got no all-time high score
