

Growing up in this part of town  
We had to put things together ourselves  
So I really learned how to put two and two together  
And we're gonna blow up with my inventions  
My O.G. taught me how to fix a car engine  
I've applied that to jury-rig go-karts  
You know what I mean  
And these windmills that we could do once  
In South oceans in the East side

Yo I can make the cover art  
With some wishes and a color chart  
I can build a home with a stick and stone  
Form an insane mind sick and alone  
Ringing in the ear so I picked up the phone  
My mind ain't clear so it dipped in the zone  
Dipped in the zone my big O.G  
With a grip on the chrome  
Knew how to script and spit in them homes  
With a background at a Christian home  
Now he's in the hood where he build the drones  
And drum machines with the scraps  
From a submarine and that nigga be eating clean  
You know he be eating clean  
He's a machinist

It's a state of mind you in (of mind you in)  
(Of mind you in)  
Don't mind him he can pay my finance  
And the address is his state of mind  
It's a state of mind you in (of mind you in)  
(Of mind you in)

I top my ship and pay the fine  
It's more than an address  
It's the state of mind  
I top my ship and pay the fine  
It's more than an address  
It's the state of mind

Make the money go  
I could make the whole world bruise  
With some steps and pointed shoes  
I could rhyme a diss with a song and a prayer  
I could make it big betting all on a dare  
Upon the buildings on bamboo huts  
Under that spell the escape hatch shut  
Shake that butt  
Probably doesn't know that I say that stuff  
Community gathering dancing on Saturn rings  
I listen to them battered wives  
Wanna dress like black Nat King  
Because I can build a heart when I glance at a sperm  
See the beat spark and advance on the turf  
Couldn't see a pack of the black of the earth  
Talking the last of the password and herf  
My nigga you lacking and I'm Captain Kirk

I pay for the flat with a rap for Leimert  
My niggas on crack and they're back at that work

It's a state of mind you in (of mind you in)  
(Of mind you in)  
Don't mind him he can pay my finance  
And the address is his state of mind

I top my ship and pay the fine  
It's more than an address  
It's the state of mind  
I top my ship and pay the fine  
It's more than an address  
It's the state of mind
