

# Ghost

Bush

So unkind to leave on time  
I kind of hope you'd stay  
I need the help to clear this up  
I'm bleeding babydoll  
It's all my fault I lost myself  
My injuries are all unmended [?]

We got to stay alive  
Got to make it right  
Got to figure out where we're going  
We've been so far at times  
A thousand miles behind  
Got to understand what keeps us falling

I don't want to lose you tonight  
There's a ghost in this house  
There's a ghost in this house  
There's a ghost in this house  
There's a ghost in this house

I hate to think we're on the edge  
My fingerprints are all [?]  
My mind is clear my heart is dark  
Kill me slowly ever so [?]

We got to stay alive  
Got to make it right  
Got to figure out where we're going  
We've been so far at times  
A thousand miles behind  
Got to understand what keeps us falling

I don't want to lose you tonight  
There's a ghost in this house  
There's a ghost in this house  
There's a ghost in this house  
There's a ghost in this house

It's time to free the love  
It's time to free the love  
It's time to free the love  
It's time to free  
Love  
It's time to free  
It's time to free  
Your love  
Your love

It's all here for me  
It's all here for me now (now, now, now)  
It's all here for me  
It's all here for me now

We got to stay alive  
Got to make it right  
Got to figure out where we're going  
We've been so far at times

A thousand miles behind  
Got to understand what keeps us falling

I don't want to lose you tonight  
There's a ghost in this house  
There's a ghost in this house  
There's a ghost in this house (day, day)  
There's a ghost in this house (day, day)

Another day  
Another day  
Another day  
Another day in paradise  
Another day  
Another day  
Another day in paradise
