

# Mad Love

Bush

No saving me from drowning  
You were silent as a raincloud  
The ceiling was imploding  
The walls were closing in  
I was feeling a prisoner  
I was running so fast  
I was speeding through the red lights  
Speeding past

Still got mad love for you baby  
Still got mad love for you baby  
Every day you find ways to drive me crazy  
Still got mad love for you baby  
Still got mad love for you baby  
Every day you find ways to drive me crazy

Oh, oh  
Oh, oh  
Oh, oh  
Oh, oh

So restless, we're waiting  
You've been gone so long  
I fell in your slipstream  
Fell in my arms  
And I want you to dance now  
To dance just for me  
It's all out of focus  
You make me so free

Still got mad love for you baby  
Still got mad love for you baby  
Every day you find ways to drive me crazy  
Still got mad love for you baby  
Still got mad love for you baby  
Every day you find ways to drive me crazy

Oh, oh  
Oh, oh  
Oh, oh  
Oh, oh

Still got mad love for you baby  
Still got mad love for you baby  
Every day you find ways to drive me crazy  
Still got mad love for you baby  
Still got mad love for you baby  
Every day you find ways to drive me crazy

Oh, oh  
Oh, oh  
Mad love, mad love
