

# The Kingdom

Bush

You want my love  
See how you deal when the fire is waking  
Stand up  
Solution is better than any of your problems  
Think strong  
Oppression lives in the mind of a person  
Don't hide  
We are the sons of the earth-made mothers

Hey (Hey, hey)  
People just soldier on  
Hey (Hey, hey)  
This is the goal and this is the kingdom  
Ohh  
Ohh

You lose yourself  
You run in the night with a complete abandon  
The vortex  
What's in the space between  
Refined, dreaming a life stripped of madness and pain  
It's about time  
I really want to learn your language

Hey (Hey, hey)  
People just soldier on (Learn your language)  
Hey (Hey, hey)  
This is the goal and this is the kingdom  
Hey (Hey, hey)  
People just soldier on (Just save the kingdom)  
Hey (Hey, hey)  
This is the goal and this is the kingdom  
Ohh  
Ohh

One last dance in the moonlight  
One last dance 'till you fall in my arms  
Only in the silence can we see who we are  
Only in the silence can we see who we are

Hey (Hey, hey)  
People just soldier on  
Hey (Hey, hey)  
This is the goal and this is the kingdom

The kingdom  
Kingdom  
The kingdom

Hey (Hey, hey)  
People just soldier on (Learn your language)  
Hey (Hey, hey)  
This is the goal and this is the kingdom  
Ohh  
Ohh  
Hey (Ohh)  
People just soldier on (Just save the kingdom)

Hey (Hey, hey)  
This is the goal and this is the kingdom
