

Come On Down Skit

Busta Rhymes

Ayo show, word to mother like
Right before i got the call to get on this
"Come on Down" record with Kane and Q-Tip
I was on my to the Black Expo back in the days
I was driving through midtown and somebody
Hit me on the jack and i forget who the management rep
Was from Violet at the time but he hit me on the jack
And was like "Yo Kane at the studio with Q-tip
Right now and they want a verse from you for
The "Come on Down" joint"
So I get to the studio, I see Q-tip, I see Kane
We all went in their vibin and shit
Then I go in the booth after i write my verse
Spit my shit, so at the time, you know
I was getting tired of doing the "Ra-Ra like a dungeon dragon"
On the record type shit, so i spit the whole verse
And i ain't do the "Ra-Ra" ya feel me?
So, i came out the booth and Kane looked at me
And Kane was like "Yo, where the Ra-Ra at?"
I was like "Damn son, thats all you want?
You want the Ra-Ra? You don't respect my lyrics
My bars, or this verse? You want the Ra-Ra homie?"
So i went back in their and I did the Ra-Ra
I did it at the end of the verse
That's why when you hear the verse you
Don't hear the dungeon dragon until the end of the verse
Yo Kane, good lookin for the opportunity big homie
