What you know about living on the top  
Penthouse suites looking down on the opps  
Took em for a test drive  
Left em on the lot  
Time is money so I spent I on a watch  
Lil titties showing thru the white tee  
You can see the thong busting out my tight jeans  
Rocks on my finger like a nigga wifed me  
Got another shawty she ain't nothing like me

Bouta catch another flight  
The apple bottom make him wanna bite  
I just wanna have a good night  
I just wanna have a good night  
Hold up  
If you don't know know you know  
If you broke then you gotta let him go  
You can have anybody enie miney moe  
Cus when you a boss you can do what you want

It never ends  
The way we doing it  
How we fucking them up again  
Look how we gottem  
Yo Saige you killing em with the blend  
Yo Coi be bodying shit no matter how they pretend  
Clear the block forever knowing my shit hot  
Flirting with a nigga while twerking on TikTok  
Hurting everything like we working to pitch rock  
Playing with the cooch like Penelope pitstop  
We was quiet for a minute we back at the tip top  
Finagling your way to be part of the rich crop  
Classic with the bounce we controlling a sick bop  
Mastered everything now we watching you flip flop  
Had to pull up just to complete it you know we never stop  
Fucking shit up bad every single time that I drop  
You seeing me with the women doing shit that you not  
I had em playing with you niggas until they hitting the spot  
Like that  
Like that, that, that  
That, that, th-th-th-that, that, that

Like that

I go, on and on and on again  
He blowing up my phone  
But I'm ignoring him  
He thinkin he the one  
I got like 4 off him  
Yea I'm sitting first class  
Like valedictorian (uh)  
Came a long way from rag to riches  
5 star bitch yea I taste so delicious  
Let him lick the plate  
Yea I make him do the dishes  
Now he on the news talking  
Cus a bitch went missing (sheesh)

Bouta catch another flight  
The apple bottom make him wanna bite  
I just wanna have a good night  
I just wanna have a good night  
Hold up
