Get familiar
I go by the name of Clinton Sparks

The New Crack City
Street album
My man Busta Rhymes
Big Bang album
In stores June 13th

Look add the fire to it and carry out every action and marry my every
passion with savvy I make it happen
Gladly I rep for fashion, badly I itch for clappin'
Now pass me the clip or fraction for askin' I flip the script when th
en blast you bitch you mashin'
Somethin' I love to do to be honest it's nothin' to it
Promise that I come through see regardless I gotta do it
Comin' to take it all and then back you against the wall and then sma
ck you and make you fall
Black is the way we ball
Stack then I make a call and then purchase Carnegie Hall I'm withdraw
in' and never stallin' we're always prepared to brawl
No matter how you try we ain't goin' nowhere you guys should just lea
rn and accept the fact we back and we stayin' (Surprise)
It's workin' for years to build a thing sweatin' with tears to feel a
thing that I could offer others to recognise the realest thing I hav
e ever given that's how we gon' keep on livin' now so hold your head
my niggas come down and we strip the prison

Peaceful contentment
Seemed to caress me, as I watched you sleep
Muah, may you rest in peace
Man we gon' hang dry y'all bitch ass niggas, like we ain't even got a
dryer to dry the laundry
We airs y'all niggas out, early, Labba

Guerrilla warfare, we got that dere
Shottas, killers we got that dere
Drug dealers, hoes we got that dere
Nobody sleeps born to beef
Brownsville niggas use the corners coke enough
90's niggas we gon' bust a shot
Gangsters used to handle their differences
We all want to go shoppin' at pick and kid
Now I'm in the room watchin' Larry Davis
I'm about to go and hit the pavement
Pit time got me that spliff time
Homie hit me on the phone, we gon' fire on the streets niggas
Fightin' our soul make a hundred mil' then I, turn off my phone
Fuck them niggas I ain't gonna die broke with a stem in my mouth
Struggle for dope, shooks

Peaceful contentment

Seemed to caress me, as I watched you sleep
Muah, may you rest in peace
