Y'all niggas can't test man I'm one of the best  
Add to dope potent, rhymes start ferocious  
Y'all should invest in some bulletproof vests  
I ain't married to this glop, I shoot out a red Glock (New Crack City nigga)  
Ain't tryna get popped go out like 'Pac  
Me and my girlfriend, put in the work in  
Nigga your hurtin', aw you ready to die  
We gon' take it back, to the great B.I  
What's beef when a nigga try to kill you in your sleep  
Red dot on your forehead, and he wants you dead  
He wants to see your body, filled up with lead  
And he ain't restin' 'til your [?] is dead, now
