I got somethin' real heavy to lay on you, man  
Now that's what I need  
Can you dig it? (1, 2)

Can you dig it? (1, 2)

Talk shit every time I talk  
To the top-tibbity-tower 'cause I talk serious  
Top floor, bitch, with a top fleet  
Feast over niggas with sharp teeth, full-time, get it  
'Cause I go and get wild high, rah (Rah)  
Water drop-drip, see how we slide?  
Big broad titty they droop, seek the bitch all in the coupe  
Jealous niggas, you don't want me to shoot (Drop it off)  
Bong-bing, bi-dong-bong  
Think you're listening to the wrong song? (Bing-bong-pow)  
Full-time niggas, eh? Who? How?  
Bang niggas 'til they all go sing, what you gonna do now?  
We don't allow foes here now  
Watch lil' nigga, we about to go sell it  
Beat niggas down to the ground (Make 'em regret it)  
And yell it it, we can never do wrong, I sell it  
Fuck around (Mhm)  
Wanna play a little game of death? Hold on  
Take it up, take it up, cool cool?  
I'ma kick you in your gut and be makin' you wanna doo-doo  
Take a man into Shangri-La  
Shorty then became the big strangler  
Black Maybach Dracula  
Then everything I do is spectacular (Part 2)
