None of you niggas ready if you're still gassin' that 'ghetti
I make a movie out of 'em, Tyler Perry
See how the style'll vary while I bury you niggas
And I'm whippin' a Maserati and throwin' bread like confetti
You know that we got it plenty
Watch the movie while you still drive a Suzuki
Chill and have manners when you be talkin' to me
'Cause shit gets spooky when I smoke a loosey and I style my Lo

Then I leave niggas dead and stinkin' worser than dookie

Alright, yeah we're here to start now
