Now, every single time I get up in a building  
And I touch it, and I get it popping, you can never stop it  
And I load a gun  
I know they wondering on how a nigga does it when a black in every hood  
And every street and then I'm flooding.  
Making every DJ wanna bring it back, and then they're robbing  
Making other niggas starve when ain't no food up in their cupboard  
See the way I got em spittin' em  
I got a nigga running for the way that I be getting on the beat  
And I'll be dumbing, I'll be dumbing  
Oh, shit

Let me dibble and dabble with the flow,  
And Let me show you niggas how I really mix it up

And make a Shawty wiggle before she pick it up! (WOO)

d really lift it up (Damn!)  
And so I'm bussin' in your head and then I throw a little coke up in that sh  
it until they sniff it up  
And see you know that when I come I hit it up, I kill it till a nigga body g  
et the stiffing up you need to better know that  
I can do anything that I want niggas already be knowing Imma give it up
