

3AM 2.0

Busted

I don't give a damn about you
No, nothing can change my mind, no way
I'm happy just to let you walk away
Don't think about you at night
I'm happy to be alone, it's okay
But that was yesterday and now I'm

Driving in my car
Words don't get me far
When they don't mean shit
Oh-oh-oh-oh

I'm calling you at 3am and I'm
Standing here right outside the door
And I don't think that my heart can take much more
I'm scared I'm cracking up again I just
Want it to be like it was before
Cause I don't think that my heart can take much more

I don't give a damn what you do
I'm going to get with you again
And that's the way this night is gonna end
You say that you need some time
How long does it take to see
That we are more than meant to be

And now you're driving in your car
But you won't get far
Cause your car is shit
Oh-oh-oh-oh

I'm calling you at 3am and I'm
Standing here right outside the door
And I don't think that my heart can take much more
I'm cared I'm cracking up again I just
Want it to be like it was before
Cause I don't think that my heart can take much more
Much more
Can take much more
Can take much more
Can take much more

Driving in my car
Words don't get me far
When they don't mean shit
Oh-oh-oh-oh

I'm calling you at 3am and I'm
Standing here right outside the door
And I don't think that my heart can take much more
I'm scared I'm cracking up again I just
Want it to be like it was before
Cause I don't think that my heart can take much more
