

Bed On Fire

Butch Walker

And oh, you've got a lot of nerve
Making me want you so bad
You never make this easier
So hard to have

And you know you never will know this
But you are already my kill
So baby, fire at will

Gonna take you down, over my knees
Make that sound, make you seize
Untie your hair, let it fall
Like morning rain
Bed on fire, love in flames
A hundred times
Make you say my name
Lay in shock with me til the darkness ends
Then do it again

You walk right by me every day
And you leave me for dead
A puddle of my sweat you're standing in
Water of my sin

And you know you never will know this
But you are already my kill
So baby, fire at will

Gonna take you down, over my knees
Make that sound, make you seize
Untie your hair, let it fall
Like morning rain
Bed on fire, love in flames
A hundred times, make you say my name
Lay in shock with me til the darkness ends
And I'll do it again

Gonna take you down, over my knees
Make that sound, make you seize
Untie your hair, let it fall
Like morning rain
Bed on fire, a love in flames
A hundred times, make you say my name
Lay in shock with me til the darkness ends
And I'll do it again
