

Suckerpunch

Butch Walker

Mouth full of blood and a missing tooth
That's what I get for telling the truth
Vison's blurry man I think I been hit
What the hell just happened, oh shit

I think I just been suckerpunched
Somebodys fist took my face to lunch
To tell the truth I can't remember that much
Goddammit I was suckerpunched

I had alot of thoughts while lyin' on the floor
Like I really couldn't take no shit no more
If i ever get up I'm gonna show him the door
Man I hope I said something really good just before...

I got suckerpunched
Somebodys fist took my face to lunch
To tell the truth I can't remember that much
Goddammit I was suckerpunched

This used to happen to my dad a bunch
He'd pop his mouth off a little too much
Some motherfucker bout as big as a bus
Serve him up with a suckerpunch

Now I'm tryin to get up
I'm on my hands and knees
Looking all over for my dignity
I saw him walkin' away from me
If I could only straighten up past 90 degrees...

I'd hit him with a suckerpunch
I'd take his motherfuckin' face to lunch
He won't be able to remember much
After I hit him with a suckerpunch

It's like my daddy told me told me more than once
Go have your fun but if it's a little too much
Stay on your toes and watch your back and such
Cause someone'll getcha with a suckerpunch
