

# Burn the Straw Man

Butcher Babies

Burn the straw man  
Burn the straw man  
Burn the straw man  
Light a match and watch it burn  
Burn the fucking straw man down

Now who is the victim and what is the charge  
We've been stuck in the system for years  
There's a human being wanted at large  
He's a status code, a shit stain, a fucking disease  
Let's go

We're just legal friction, they make you up and take a name  
A piece of paper gave you a life but they treat you like a thing  
They have ways of distraction, they keep you entertained  
Keep watching don't ask questions reinforce the make believe

They're watching me, they're watching you  
They're watching me, they're watching you  
They're watching me and they're watching you

Be afraid  
Be very afraid  
Burn like a straw man  
Burn like a straw man, burn  
Understand  
Do you stand under me  
Burn like a straw man  
Burn like a straw man, burn

I'm sick of following the leader, I'm sick of the shame  
I've been sick from the cloud of smoke blinding this gaze  
So put your left foot in and your right foot out  
And charge that mother fucker, knock the straw man down

He has a million voices telling us lies  
Describing your fate to your face while scripting your demise  
He uses fear as his favorite play while hiding his eyes  
For the calm and innocent who wreak of surprise

They're watching me, they're watching you  
They're watching me, they're watching you  
They're watching me and they're watching you

Be afraid  
Be very afraid  
Burn like a straw man  
Burn like a straw man, burn  
Understand  
Do you stand under me  
Burn like a straw man  
Burn like a straw man, burn  
I'm afraid  
I'm very afraid  
Burn like a straw man  
Burn like a straw man, burn  
Understand

Do you stand under me  
Burn like a straw man  
Burn like a straw man, burn

The straw man  
He falls over  
Burn the straw man  
He burns so fucking hot

Light a match, watch it burn  
Put your hand up, take a turn  
Light a match, watch it burn  
Put your hand up, take a turn

Be afraid  
Be very afraid  
Burn like a straw man  
Burn like a straw man, burn  
Understand  
Do you stand under me  
Burn like a straw man  
Burn like a straw man, burn  
I'm afraid  
I'm very afraid  
Burn like a straw man  
Burn like a straw man, burn  
Understand  
Do you stand under me  
Burn like a straw man  
Burn like a straw man, burn
