

# Headspin

## Butcher Babies

We're all alone I'm moving closer now  
I need to feel you running through my veins  
A straight shot piercing through my skin  
It's not enough, I need to drink you in  
My lungs are hot and begging for more air  
But my body is half-way there  
And waiting for the beating of my heart  
To catch up 'til we shake

Please don't tell me that you're leaving now  
Stay and bury yourself in me

He said please just don't stop  
Please don't stop until I'm screaming your name  
It's a head-spin until were both insane again  
Don't stop 'til I'm screaming your name  
He said I just won't stop  
I won't stop 'til you're screaming my name  
It's a head-spin until were both insane again  
Don't stop 'til I'm screaming your name

Hold me closer and pull me under  
With our fingers interlocked  
As we're blurring the lines  
It's been a long day  
I'm in a bad way  
Give it to me,  
I need to know you're mine  
Steady hands  
'Cause we've been here before  
I want it all  
Not wasting time so give me some more  
I want it now  
Stay and bury yourself in me

My body aches, my body shakes  
I try to scream but nothing comes out  
My body aches, my body shakes  
I try to scream but nothing comes out  
Melting into submission  
I feel the sweat drip it blurs my eyes  
My body aches, my body shakes  
I try to scream but nothing comes out
