Butrint Imeri

I want you with me, baby
Please, be my Mrs
I still remember, girl
The taste of your lipstick
And in my dreams
I dream of your super kisses
They're so delicious
Please, be my Mrs

I want you with me, baby
So I'm your Mrs
I still remember, boy
The taste of your lips-es
And in my dreams
I dream of your super kisses
They're so delicious
I'm your Mrs

She's on my mind
And it's so sexual
The way she talks
My mission is impossible
You know, I know, baby
Loving is free
Maybe, not sure this is meant to be
And it's so bad
When you walk away
But you wanna stay
Why are you walking away?

I want you with me, baby
Please, be my Mrs
I still remember, girl
The taste of your lipstick
And in my dreams
I dream of your super kisses
They're so delicious
Please, be my Mrs

I want you with me, baby
Please, be my Mrs
I still remember, girl
The taste of your lipstick
And in my dreams
I dream of your super kisses
They're so delicious
Please, be my Mrs

Your smile, it's making me fall for you
And those eyes -
The reflection is mutual
You know, I know, baby
Loving is free
Maybe, not sure this is meant to be
And it's so bad
When you walk away
But you wanna stay

Why are you walking away?

I want you with me, baby
So I'm your Mrs
I still remember, boy
The taste of your lips-es
And in my dreams
I dream of your super kisses
They're so delicious
I'm your Mrs

The taste of your lips-es
And in my dreams

I'm your Mrs
Your super kisses
You are my dream
Your super kisses
It's making me fall for you

You are not from this world
You fell from the skies to the earth
Your kisses are like paradise
Tonight you're mine

I want you with me, baby
Please, be my Mrs
I still remember, boy
The taste of your lips-es
And in my dreams
I dream of your super kisses
