

# Love Will Make Me Stay

Butterfly Boucher

Hold on  
Even though you have every reason to go  
You still have every reason to hold, hold on

For long  
We could be living a second chance  
Being in love and making plans, so hold on  
You are not alone  
Stay, love will make me stay  
Stay, love will make me stay

Love will make me stay

Hold on  
Heaven a nothing so far away  
Sometimes the end is just the start, hold on  
Stay strong, this where we find out who we are  
Live through rides and count the stars, hold on  
You are not alone

Stay, love will make me stay  
Stay, love will make me stay

Love will make me stay  
Hold on  
I think I'm ready now  
And I want you to know  
I love you  
I know you feel it too  
Now there won't be heaven  
Without you  
No there won't be heaven  
Without you  
Stay, love will make me stay  
Stay, love will make me stay  
Love will make me staying
