

When I reach into my pocket  
That's where I lose control yeah  
There's a panther in my tree now  
And as you heard roar  
Get out of my life, get out my girlfriend  
Before I lose her mind  
Yeah our buddy gotta see you have it  
Everybody knows freedom, you'll find it inside your head yeah  
Everybody knows Jesus, he'll be there when you are dead yeah  
Watch that sound everybody look around what the hell is going down yeah  
Round, Round, Round she goes  
When I see the fuck-offs spur here  
Sets me kind of on fire yeah  
When I seize them son of a boyfriend  
Gonna lose my mind  
Everybody knows freedom, you'll find it inside your head yeah  
Everybody knows Jesus, he'll be there when you are dead yeah  
Watch that sound everybody look around what the hell is going down  
When I see you in my dreams now  
Makes me wanna turn  
I've seen my panther and I seen my whore now  
I know what's good for whores yeah  
Whatcha doin' girl in my dreams now  
Everybody knows freedom, you'll find it inside your head yeah  
Everybody knows Jesus, he'll be there when you are dead yeah  
Hey there now better watch that sound everybody look what was going down yeah
