

Bad Dreams

Buzzcocks

There's someone, but now they're gone
Having bad dreams, just so hard to take yeah
Hard to find, burning in my mind
Things I've seen, like from out of space yeah

Been so long, been so long, yeah
Having bad dreams, but now they're gone
Been so long, been so long, yeah
Having bad dreams, but now they're gone
Having bad dreams, but now they're gone
Having bad dreams, but now they're gone
Having bad dreams, but now they're gone

Open my eyes to the burning skies
Was it just a dream, or just real life? Yeah
Open my eyes to the burning skies
Was it just a dream, or just real life? Yeah

Been so long, been so long, yeah
Having bad dreams, but now they're gone
Been so long, been so long, yeah
Having bad dreams, but now they're gone
Been so long, been so long, yeah
Having bad dreams, but now they're gone
Been so long, been so long, yeah

Having bad dreams, but now they're gone
Having bad dreams, but now they're gone
Having bad dreams, but now they're gone
Having bad dreams, but now they're gone
Having bad dreams, but now they're gone
Having bad dreams, but now they're gone
Having bad dreams, but now they're gone
Having bad dreams, but now they're gone
Having bad dreams, but now they're gone
Having bad dreams, but now they're gone
Having bad dreams, but now they're gone
Having bad dreams, but now they're gone
