

# Heavy Streets

Buzzcocks

Lost my phone and lost my mind  
Down those heavy streets  
There is something I can't find  
Down those heavy streets

Maybe someday soon  
Falling down in the afternoon  
Staring up high at the moon  
Down those heavy streets  
(Heavy, heavy)

Hear the sound of the sirens loud  
Down those heavy streets  
Make my way through the crowd  
Down those heavy streets

Maybe someday soon  
Falling down in the afternoon  
Staring up high at the moon  
Down those heavy streets  
(Heavy, heavy)

When you look inside your mind, what can you see  
As you hit the ground of some reality?

Maybe someday soon  
Falling down in the afternoon  
Staring up high at the moon  
Down those heavy streets  
(Heavy, heavy)

Down those heavy streets  
(Lost my phone and lost my mind)  
Down those heavy streets

(Lost my phone and lost my mind)  
Down those heavy streets

(There is something I can't find)  
Down those heavy streets

(Hear the sound of the sirens loud)  
Down those heavy streets

(Make my way through the crowd)  
Down those heavy streets

(Lost my phone and lost my mind)  
Down those heavy streets

(Lost my phone and lost my mind)  
Down those heavy streets
