

It's Not You

Buzzcocks

It's not you, so I close my eyes
It's not you, so I fantasize

It's not you, so I'm on my own now
What am I living for?

It's not you, so I feel the pain
It's not you, so it's not the same

It's not you, so I'm on my own now
What am I living for?

It's not you
It's not you

It's not you, so I count the cost
It's not you, so I feel the loss

It's not you, so I'm on my own now
What am I living for?

It's not you
It's not you
It's not you
It's not you

It's not you, so I'm stripped of pride
It's not you, so I'm dead inside

It's not you, so I'm on my own now
What am I living for?

It's not you
It's not you
It's not you
It's not you
