

## Keep On Believing

Buzzcocks

Tell me what I need to know  
And show me what you got to show  
I go with the flow, keep on believing  
It's good enough for rock and roll  
If you feel it in your heart and soul  
Then you're in control, keep on believing

Are you smiling, are you frowning? Waving or drowning?  
There's too much going just to ignore  
What's the use complaining that it's forever raining?  
After all, that's what they make umbrellas for

No matter what we say  
You're gonna do it anyway  
Better start today, keep on believing  
In the middle of the night  
It's dark, but don't lose sight  
There's no wrong or right, keep on believing

And when your only trouble is the bursting of the bubble  
Remember that there's nothing left to fear  
Don't let your consternation spoil your celebration  
Just ask yourself "What's the big idea?"

Are you smiling, are you frowning? Waving or drowning?  
There's too much going just to ignore  
What's the use complaining that it's forever raining?  
After all, that's what they make umbrellas for

Now, I don't wanna make it worse  
Time's forward, no reverse  
From the cradle to the hearse, keep on believing  
Don't want for it to end  
I need someone to call a friend  
On whom I can depend, keep on believing  
I don't want to spoil your day  
But I'm gonna say it anyway  
There's a price to pay, keep on believing
