

# Manchester Rain

**Buzzcocks**

How do you solve a problem deep inside yeah?  
How do you solve a problem you can't explain?  
Standing on the corner, standing in the Manchester rain

How do you catch a dream you just can't find yeah?  
How do you catch a star that calls your name?  
Standing on the corner, standing in the Manchester rain

Standing in the Manchester rain, yeah  
Standing in the Manchester rain  
Standing in the Manchester rain, yeah  
Standing in the Manchester rain

Now that you've find a feeling you just can't hide yeah  
Now you're gonna take it again and again  
Standing on the corner, standing in the Manchester rain

Standing in the Manchester rain, yeah  
Standing in the Manchester rain  
Standing in the Manchester rain, yeah  
Standing in the Manchester rain  
Standing in the Manchester rain, yeah  
Standing in the Manchester rain  
Standing in the Manchester rain, yeah  
Standing in the Manchester rain
