

Orion

Buzzcocks

You and I underneath Orion
You and I against the bathroom wall
Reminiscing what I'm missing
I can't forget you

You and I

You and I entwined forever
You and I, in each other's arms

You and I
Remember?

You and I, we left the lights on
You and I on an unmade bed
You and I, just because we want to
Oh, how I miss you

You and I
Remember?
