

# Up for the Crack

**Buzzcocks**

Talking like you're some big news  
Now you've got a chance to choose  
Baby there's nothing to lose  
Yeah I'm up for the crack

Maybe there's something to see  
Something about you and me  
Who knows what it could be  
But I'm up for the crack  
Yeah up for the crack

So many times I've waited  
Too many times sedated  
So many times elated  
Too many times sedated

So many times I've waited  
Too many times sedated  
So many times elated  
Too many times sedated

Crazy I'm on the attack  
I've gotta scream for a regular jack  
And if you see me on your back  
Yeah I'm up for the crack

So many times I've waited  
Too many times sedated  
So many times elated  
Too many times sedated

So many times I've waited  
Too many times sedated  
So many times elated  
Too many times sedated

Crazy I'm on the attack  
I've gotta scream for a regular jack  
And if you see me on your back  
Yeah I'm up for the crack

Breaking into something new  
You know there's one thing I can do  
And if I said I'd see it through  
Yeah I'm up for the crack

Up for the crack  
Up for the crack  
Yeah up for the crack  
Yeah up for the crack  
Yeah up for the crack  
Up for the crack
