Up for the Crack

Buzzcocks

Talking like you're some big news Now you've got a chance to choose Baby there's nothing to lose Yeah I'm up for the crack

Maybe there's something to see Something about you and me Who knows what it could be But I'm up for the crack Yeah up for the crack

So many times I've waited Too many times sedated So many times elated Too many times sedated

So many times I've waited Too many times sedated So many times elated Too many times sedated

Crazy I'm on the attack
I've gotta scream for a regular jack
And if you see me on your back
Yeah I'm up for the crack

So many times I've waited Too many times sedated So many times elated Too many times sedated

So many times I've waited Too many times sedated So many times elated Too many times sedated

Crazy I'm on the attack
I've gotta scream for a regular jack
And if you see me on your back
Yeah I'm up for the crack

Breaking into something new
You know there's one thing I can do
And if I said I'd see it through
Yeah I'm up for the crack

Up for the crack
Up for the crack
Yeah up for the crack
Yeah up for the crack
Yeah up for the crack
Up for the crack
