

## Virtually Real

**Buzzcocks**

You fill your life with social media  
LolCats, confessions of Shiba  
Flash mobs gatecrash your party  
Your views, just retweets of the Twitterati

Profile updated, it's complicated  
So tell me, how do you feel? Virtually real

I see the world full of hidden dangers  
Hackers, trolls, anonymous strangers  
Why waste your time liking and sharing  
Instead of with me, loving and caring?
