

Cool

BVNDIT

Nananananana all right

I got all these pretty ladies by my side all the time  
And we got each others back

We will put up a fight, if you

Turn out to be a playa  
What are you saying?

Say what, this is not  
What we wanted to achieve

You might have been the one for me for a while  
Too soon I realized that you had another side

At least I got my girls, girls  
At least I got my girls, girls  
At least I got my girls

G I R L S

He didn't treat me right  
Didn't come home at night  
He was being a fool  
So now we're playing it cool  
So now we're playing it cool, cool, cool

So now I'm playing it cool with my lady crew  
So this is how it's gonna be

Playing it cool  
We are only playing it cool  
Cool Cool  
I'm hanging with my city crew  
We're playing it cool  
Play play playing it cool, cool

Playing it cool  
We are only playing it cool  
Cool Cool  
You wish you had the swag to be  
Uh-playing it cool  
Uh-playing it cool, cool

You might be crazy, I'll be cool, catching

God only knows where I would be without them  
Because you crushed me like I didn't mean anything

At least I got my girls, girls  
At least I got my girls, girls  
At least I got my girls

G I R L S

He didn't treat me right

Didn't come home at night  
He was being a fool  
So now we're playing it cool  
So now we're playing it cool, cool, cool

So now I'm playing it cool with my lady crew  
So this is how it's gonna be

Playing it cool  
We are only playing it cool  
Cool Cool  
I'm hanging with my city crew  
We're playing it cool  
Play play playing it cool, cool

Playing it cool  
We are only playing it cool  
Cool Cool  
You wish you had the swag to be  
Uh-playing it cool  
Uh-playing it cool, cool

One, go  
You couldn't make it  
Two, go  
No need to fake it  
Three and four  
Your things are on the floor, so  
Take them  
And leave now  
And never to return

So take them leave now  
Never to return again  
Never to return again  
And while you're picking up your mess  
I'll be playing it cool

He didn't treat me right  
Didn't come home at night  
He was being a fool  
So now we're playing it cool  
So now we're playing it cool, cool, cool

So now I'm playing it cool with my lady crew  
So this is how it's gonna be

Playing it cool  
We are only playing it cool  
Cool Cool  
I'm hanging with my city crew  
We're playing it cool  
Play play playing it cool, cool

Playing it cool  
We are only playing it cool  
Cool Cool  
You wish you had the swag to be  
Uh-playing it cool  
Uh-playing it cool, cool
