Baby wait for me for me

No need to act indifferent, like you don't care
You're trying and I already know
Not too fast but take it slow, come to me
You, no way, you

Lift up your head, I'm blossoming
You're already falling for me
Baby wait for me for me
You're seeping into me more and more
Hocus Pocus

Your bewitched eyes
Are looking at me
It tells me everything, you want me
I'm chic and sweet, shaking you up
You're trying
Hocus Pocus
Hocus Pocus

At one look, no one can take their eyes off of me
You're trying and I already know
There's no other way, you can't escape
You, no way, you

Look into my eyes, come a little closer
You're already deeply addicted
Baby wait for me for me
You're seeping into me more and more
Hocus Pocus

Your bewitched eyes
Are looking at me
It tells me everything, you want me
I'm chic and sweet, shaking you up
You're trying
Hocus Pocus

Hold me warmly
Don't let me go
Love me hotly
Don't leave me alone

Wait for you wait for you
Actually, my eyes are looking at you
(Wait for you wait for you)
Show me how you're looking at me
Hocus Pocus
