

# Love Came Crashing Down

BWO

Love was such a sweet surprise  
Sneaking like a thief into my heart  
Love was such a sweet surprise bending my knees  
Suddenly the quick denies  
Everything I loved was torn apart  
Suddenly the quick denies  
I'm guilty as plead

Don't you see your gemini was never close at hand  
Don't you see your destiny was never in your command

I don't wanna lie  
Tears I can't defy  
Can't you see our love came crashing down  
We were meant to be  
That's no guarantee  
Can't you see our love came crashing down

Why that smile upon your face  
Don't you see the break can be disguised  
Why that smile upon your face  
What's left to revise

Don't you see your gemini was never close at hand  
Don't you see your destiny was never in your command

I don't wanna lie  
Tears I can't defy  
Can't you see our love came crashing down  
We were meant to be  
That's no guarantee  
Can't you see our love came crashing down

Love came crashing down  
Love came crashing

Don't you see your gemini was never close at hand  
Don't you see your destiny was never in your command

I don't wanna lie  
Tears I can't defy  
Can't you see our love came crashing down  
We were meant to be  
That's no guarantee  
Can't you see our love came crashing down

Love came crashing down  
Love came crashing

I don't wanna lie  
Tears I can't defy  
Can't you see our love came crashing down  
We were meant to be  
That's no guarantee  
Can't you see our love came crashing down
