

I Need You

By The Tree

Not sure why I feel this way
Guess I'll carry on another day
I'm following your every move

My discontent always proves
That you are there when I need you
I'm holding on to you

There are so many ways, every day
I'm learning more to trust you

I need you, more than anything
I need you, here next to me
I need you, to be you

I need you, wash away my pain
I need you, fill me once again
I need you, to be you oh, you oh, oh

Leavin' desert life behind
Drivin' right to the city limits sign
I'll fix my eyes on you

There are so many ways, every day
Show more, trust in you

I need you, more than anything
I need you, here next to me
I need you, to be you

I need you, wash away my sin
I need you, fill me once again
I need you, to be you oh, you oh, oh

I need you
(Come on leave the desert life behind)
I need you
(Come on drive right 'cross the city line)
I need you
(Come on leave the desert life behind)
To be you
(To you, I'll be true)

I need you
(Come on leave the desert life behind)
I need you
(Come on drive right 'cross the city line)
I need you
(Come on leave the desert life behind)
To be you
(To you, I'll be true)

I need you
(Come on leave the desert life behind)
I need you
(Come on drive right 'cross the city line)
I need you

(Come on leave the desert life behind)
To be you
(To you, I'll be true)

Come on fill me
