

## With All of My Might

Byron Cage

Break forth, with shouts of joy  
Make melodies in your heart  
Unto the Lord, our God is wise  
And our God is great, consistent  
Love that will never change

Break forth, with shouts of joy  
Make melodies in your heart  
Unto the Lord, our God is wise  
And our God is great, consistent  
Love that will never change

Dance with all of your might  
Stand strong in the faith  
In the end it will be alright  
Every stronghold, it wont stand  
Every trial has to end

I'll never, never, never never  
I'll never, never, never, never  
Oh, never never, never, never

With all of my might  
With all of my might  
With all of my might  
With all of my might
