How you mi dawg, but you a siddung and a envy?  
How you mi bredda wen you plan up fi go shell mi?  
How you mi bredrin and a chat me every day  
'Round di ppl weh no like me and a gwaan like you defend mi?  
How you mi gyal, but outta road you nah tell me  
Got a next man a dig you out true him wealthy?  
Mi feel messed up and unhealthy  
When mi down, seh nobody deh fi help me

You nuh know how it feel, messed up in mi mind from di age a seventeen  
Dem \*\*\*\* around mi heart, mi can't go let nobody in  
Mommy, tell me, "Take it easy" and when last me, eat a meal  
Mi nuh feel satisfied without di Hammond and di weed  
Can't lean pon nobody, so mi sipping on di lean  
And me can't put mi trust inna di messages mi read  
Dem nuh haffi born a China just fi know seh dem no real  
Mouna people wear a mask every day a Halloween

How you mi bredda wen you plan up fi go shell mi?  
How you mi bredrin and a chat me every day  
'Round di ppl weh no like me and a gwaan like you defend mi?  
How you mi gyal, but outta road you nah tell me  
Got a next man a dig you out true him wealthy?  
Mi feel messed up and unhealthy  
When mi down, seh nobody deh fi help me

Dem want mi life, but it hard fi get  
So me a resurrect di rifle like a Jesus from Nazareth  
Every day dem plot fi stop mi breath  
Cyaan save everybody that mi learn from Noah di architect?  
Moses speaking to di burning bush  
But you know mi burn di burning bush  
Mi burn di kush fe keep mi mind calm  
You nuh protect you self you life gone  
Especially when you a icon

How you mi dawg, but you a siddung and a envy?  
How you mi bredda wen you plan up fi go shell mi?  
How you mi bredrin and a chat me every day
