Monotheistic Slander

Bywar

Heretic images in constant signs of prophetic realizations
Prevailing over human race, causing fear by indulgence
Sheltered lies in a religious consent established by the shame
Always chasing the hidden wisdom to blame.

The pomposity of inquisition through the most painful tactics
Was the lust for a bloody divinity as a christian's pride
With blessing in their tongues and sword at their hands
The stigma has retaliated the human innocence.

Pretenders of divinity
Killers of the purity
Chaotic rules for purgatory
Deciding the human destiny.

Corrupted by the words of an icon, scared through the pain
Mankind is forced to believe this fantasy, to pay and to claim
Converted by extreme measures or damned by this god
Is this sadist symbol the savior that you adore?

Pretenders of divinity
Killers of the purity
Chaotic rules for purgatory
Deciding the human destiny.
