

## Should I Cry

BZN

Arms around his shoulder  
Waving me goodbye  
The time has come  
She's leaving home  
And I didn't realise  
She's a woman now  
And I don't know how  
But inside I have my fears

She's growing older  
And she's changed her hair  
She's dressed up wild  
But she's still my child  
I won't let her slip away  
On this lonely day  
I don't know what to say  
I am lonely without you

Should I cry, should I sigh  
It was always on my mind  
Now I don't know what to do

Should I cry, should I sigh  
It was always on my mind  
I'll be lonely without you

Hear the whistle blowing  
Through the wind and rain  
I was alone  
And I couldn't cope  
To see her go away  
She's a woman now  
And I don't know how  
But inside I have my fears

Should I cry, should I sigh  
It was always on my mind  
Now I don't know what to do

Should I cry, should I sigh  
It was always on my mind  
I'll be lonely without you
