All That I Want

C21

I just need you to know
That everytime you walk into a room I get a feeling
And I try to make it show
But every now and then it seems as though you don't believe it

Girl just dance
I like the you move it
Just shake, shake, shake into the music
C'mon and dance
Don't worry about it
Don't need to play no games cuz I love you just the same

You turn me on and on turn me on
The definition of all that I want
But you don't seem to hear me at all
I'm telling you
Baby you'r all that I want
All that I want

All that I know
is your the only one that makes me feel the way you do girl
And time will show
That all this jealousy is just a waste of emotion

Girl just dance
I like the you move it
Just shake, shake, shake into the music
C'mon and dance
Don't worry about it
Don't need to play no games cuz I love you just the same

You turn me on and on turn me on
The definition of all that I want
But you don't seem to hear me at all
I'm telling you
Baby you'r all that I want
All that I want

Just hear me now
I wan't you to know
I'm into you
And you alone

Just hear me now
I wan't you to know
I'm into you
And you alone

Girl just dance
I like the you move it
Just shake, shake, shake into the music
C'mon and dance
Don't worry about it
Don't need to play no games cuz I love you just the same

You turn me on and on turn me on
The definition of all that I want

But you don't seem to hear me at all
I'm telling you
Baby you'r all that I want

You turn me on and on turn me on
The definition of all that I want
But you don't seem to hear me at all
I'm telling you
Baby you'r all that I want

You turning me on girl
C'mon and just dance girl
You making me sweat girl
You turning me on girl
