

And it's M O E baby
Money over everything and that's what it be baby
And they ain't flyer than me baby
And I'm getting money pay me baby
And my rims real big, and my house is real big and my money's real long
And it's M O E baby
Money over everything and that's what it be baby

And I'm flyer than a pelican
And I'm fresher than I ever been
And I'm higher than I ever been
And I ain't motherfucking stuttering
I ain't like these other niggas
I really sold that butter man
And boy you still gotta get touched up
And it's fuck your family feelings, I'm like tough luck
And I ain't never light, no little money like megabux
And I ain't with no simple girl, I like mega sluts
I'm coming at niggas, like they owe me
I hear 'em talking real gangster I'm like show me
24 all in your chest they call him Kobe
But I don't really wanna get back to the old me

And it's M O E baby
Money over everything and that's what it be baby
And they ain't flyer than me baby
And I'm getting money pay me baby
And my rims real big, and my house is real big and my money's real long
And it's M O E baby
Money over everything and that's what it be baby

And my team I won't trade for nothing
Man I was on the block, grinding hard like I was a slave or something
Man I'm trying to get my crap up
They slow don't run the stock up
Now they pay me for pop ups nigga
But don't make me pop up,
'Cause bodies they won't pop up
Niggas they get mopped up
And we don't call him hitman we call him cleaners
Watch these niggas ass up then put 'em in the cleaners
Nas missing picture sayin' "Have you seen him?"
Jury blinded all these bitches they like "we can't see 'em"
And I know these niggas hatin but they wanna be 'em
And I swear I play with weight like I was in the gym

And it's M O E baby
Money over everything and that's what it be baby
And they ain't flyer than me baby
And I'm getting money pay me baby
And my rims real big, and my house is real big and my money's real long
And it's M O E baby
Money over everything and that's what it be baby
