Champagne lifestyle  
She do what she wanna do  
She said she love it  
She said to love it  
All I wanna do is push your body  
All I wanna do is fuck your body  
Sorry it's a cushion  
It's not necessary  
Oh, don't you know what you know, what you know  
Is talkin' 'bout lovin' you up babe  
Talkin' 'bout fuckin' shit up babe  
It's been a minute since I've been home  
It's been a minute since you've been naked in my outback  
My swag and M, no end  
That tattoo that you fixed, yeah  
Says you belong to the six, yeah

All I wanna do is love your body  
Sexually, oh yeah  
All I wanna do is get next to you  
Oh, yeah, yeah  
All I wanna do is touch your body  
Woah, oh, oh  
Don't you know?  
Sexual, sexual  
Yeah, oh, oh

Late nights got me making bread for you early in the morning  
I'm in a foreign, she foreign, sex game so amazing, so is my touring  
I've been working hard you know that I'm poppin'  
Your ass looking fat, your lips is poppin'  
You better get me first, your friends is watching  
And she 'bout it  
It's so real  
Late night texts from you girl so I know it's real  
This money don't check the mail cause I got the bills  
For real, for real, yeah  
I stroke from the side, I'm letting her ride  
And did it 'fore she hear me say take that  
The tape on record, the sex so good  
She looking at me like babe play it back  
I rub on her body, I fuck on her mind  
She call the Uber up, yeah, she sent for me  
Sex so good, can't regret this wood  
I'm a make you remember me

All I wanna do is love your body  
Sexually, oh yeah  
All I wanna do is get next to you  
Oh, yeah, yeah  
All I wanna do is touch your body  
Woah, oh, oh  
Don't you know?
