

# Believe

Caamp

I believe in you baby  
And I'll always be around  
I believe in you baby  
I won't let you hit the ground

And when that sun shines through to the break of dawn  
Baby grab the keys and leave the dogs at home

And I believe in you baby  
And I'll always be around  
I believe in you baby  
I won't let you hit the ground

And when that sun shines through to the break of dawn  
Baby grab the keys and leave the dogs at home

Abeline, little baby  
Know I'll always be around  
Abeline, little baby  
I won't let you hit the ground  
Now when that sun comes through to the break of dawn  
Baby grab the keys and leave the dogs at home
