

# Fairview Feeling

Caamp

Is there a human in the world  
Who's done everything right  
A high flying bird  
A sparkle of light

Is there a special window  
Where everything looks right  
A place where we can get to  
And it just feels right

It's that fairview feeling of a life worth leaving  
And the last time you caught him on the phone  
It's a fairview feeling of a life worth leaving  
And the love left gleaming out in the snow

How to get home

It's a fairview feeling of a life worth leaving  
And the last time you caught him on the phone  
It's a fairview feeling of a life worth leaving  
And the love left gleaming out in the snow

How to get home
