

## Feels Like Home

Caamp

There's something in my heart  
And it feels like fire  
There's a yearnin' in the river  
And it feels like home  
Take me down, take me down to the water

I need time  
Give me time

The old Shenandoah gonna keep me right  
And hold me like I was forgiven  
Take me down, and let the beachwood light

I need time  
Give me time

Ooh ooh ooh...

Tellin' myself to keep good faith  
There ain't much these days to celebrate  
Pullin' my hoodie over my face

I need time  
Give me time

Ooh ooh ooh...

Take my name when I'm dead and gone  
And throw my ashes in the river  
Know that I lived my whole life long  
And gave all the love that I could've given

Ooh ooh ooh...
