

## Full Moon Song

Caamp

Oh moon, full moon  
Won't you come home soon?  
For the night is so dark  
And the stars are so lonesome without you

Oh moon, full moon  
Shed your light on the room  
For the night's almost over  
The sun will be comin' up soon

Oh moon  
Lit by the light of the night, oh  
Lit by the light of the night  
Lit by the light of the night, oh  
Oh, full moon
