

Hey Joe

Caamp

Hey Joe I know you're workin on your college fund
Saving up to chase women in the college sun
I hope you really make it, hope you be someone
But you're scared of the dark I don't care where you're from

Hey Joe get a case of chevys gonna sip some
Drop a line on top the levy, maybe burn one
And I know you like the women with their skin in the sun
But you're scared of the dark I don't care where you're from

It's OK Joe, it's been a long day
And it's not your fault
Some of this work just aint gonna get done

Hey Joe it's picture perfect then it turns round
Poka-dots up on your curtains on the floor now
And I know you don't deserve to be let down
Gotta stay out of the dark

It's OK Joe, it's been a long day
And it's not your fault
Some of this work just aint gonna get done

Hey Joe, I got one more question
How does it feel, to spit that love into a microphone?
