

Huckleberry Love

Caamp

Don't drink the water if you can't see through it
Get up, I'll give you something make you feel alright
I know you're really wishin' that you knew
But you don't
So come on honey lets romance all night

You line me up, when I'm in trouble
I'm only lookin' at you
Am I enough, I'm seeing double
Cause I've been drinking for two

Don't drink the water if you can't see through it
Get up, I'll give you something make you feel alright
I know you're really wishing that you knew
But you don't
So come on darlin' let's romance all night

You line me up, when I'm in trouble
I'm only looking at you
Am I enough, I'm seeing double
Cause I've been drinking for two

We're gettin' older and older and older and older
Older and older and oh...
We're gettin' older and older and older and older
Older and older and oh...

I'm comin' home
And I know that you're gone
Oh, I'm comin' home
And I know that you're gone
Oh, I'm comin' home
And I know that you're gone
Oh, I'm comin' home
And I know that you're gone
