

Let Things Go

Caamp

Let things go, it's not good for you, or anybody else
Let things go, you've been carrying it, all by yourself
Set things down, it's okay, to take a rest
Let things go, it's not good for you, or anybody else

Let things go, you can say goodnight
You can set things down, you can say goodbye, you can say goodb
ye
You can let it roar, you can let it out
You can let things go, and anything your heart needs to make yo
u feel better

Let it go
Let it go
